

Regulator Gazette
October 1897

Headline: "Open Range" Regulator Style

We had 7 Regulators show up for this months shootout so it made for a fast match....We shot the normal 4 stages in record time and since everybody was still pretty frosty so we decided to shoot a stage that covered the entire town of Regulatorville. So stage 5 covered the entire town. Shooting started in the jail with 10 rifle shots.....Regulators then ran over and defended Fort Regulator with numerous shotgun blasts.....Then we mounted up on Old Blue (Our headless horse) and shot five badguys at a full stride with pistol number one.....We then dismounted at the Bleeding Heart Saloon busted through the swinging doors and took out five more bad guys with pistol number two.....Sounds sort of like "Open Range" huh???

Scores for the match went like this....

Regulators.....Only two....Dick Holliday, Deacon Dave

Old Regulators..(Seniors) Carbine Kid, Ragtime, Black Smith, Tom Two Feathers,

Cowgirl.....Carolina Rose

Be sure to be with us next month on the third Saturday for another fun filled match. After the match we plan to shoot the long rifles at the "Quigley Bucket" so bring one if you wish and blast away with us....As always if you want to shoot and don't have a long rifle yet, you can shoot one of ours as long as the ammo holds out.....300 yards from the bench is the plan for now if you want to work on your sights in the meantime.....Since Wild Willy Storck has won the last bucket match or two he will be required to shoot from horseback and must be blindfolded. See you at the next match so until then.....Take a kid shooting.....Ned Bluntline
